Trip Itinerary

The excitement begins with your arrival at the Belize International Airport (BZE). Shortly after, boarding a domestic flight (about a 25 min trip), enjoy a bird's-eye view over the sea and verdant land before arriving at Turtle Inn – the Coppola’s seafront hideaway in Placencia, Belize.

Dec 7 - 11 2024 (4 nights)

Four nights at Turtle Inn allows ample time to head out on a snorkeling trip, become PADI dive certified, hike, bird, paddleboard, kayak, stroll through the local vibrant village of Placencia, meander along Monkey River, have a sunset/cocktail boat experience and/or just swim in one of the two pools on-site, or the sea. You can make this trip very personal, as the Coppola family does, to your likes and interests. (All your activities and adventures selected will be charged à la carte).

Following your stay at Turtle Inn, you’ll depart via our vehicle/driver to our sister hideaway Blancaneaux Lodge, located approximately 3 hours away, a scenic journey offering glimpses of the Maya Mountains and revealing a completely different setting at the top of the Mountain Pine Ridge in the Cayo district of Belize.

Dec 11 - 14 2024 (3 nights)

Upon arrival at Blancaneaux Lodge, you’ll take in views of the riverfront, sounds of the birds, and a combination of broad-leaf jungle setting juxtaposed with a pine forest. The location of Blancaneaux Lodge offers activities and adventures from a hike to a local waterfall where one must enjoy a swim, horseback riding, Maya ruins archaeological visits and cave explorations. Just save enough time for at least one massage at the Waterfall Spa.

(All your activities and adventures selected will be charged à la carte).
